

Leeuwarden stays good, gets better

Leeuwarden is a beautiful city that we can be proud of. For many students our municipality is a place with a sense of home. It is a good place to live, work, study and relax. Whether it is about our many sports facilities, awesome festivals, vibrant restaurants, an attractive shopping area or good education. Everything is in place to make Leeuwarden 'the' student city of the North.

We want to keep what's good. We can't take that for granted. We all have to work hard for it every day. So that the things that are going well, also stay good. And the things that could be better, will actually get better. Leeuwarden can only become the student city of the North by showing ambition.

We certainly have ambition. As VVD Leeuwarden we are going to make a case for:

- Sufficient student housing and sufficient affordable starter homes.
- A living environment that meets all safety requirements.
- Unrestricted opening hours for the hospitality industry: go out until whatever time you want.
- An extended terrace policy; the whole year round!
- Leeuwarden as the "festival capital of the North", because festivals are an enrichment.
- More jobs so you can actually get a job in Leeuwarden after your studies.
- A community where everyone can be themselves.

Do you want to help us make Leeuwarden an even better student city? Then vote for the VVD on 14, 15 and 16 March. Together we will build an even more beautiful Leeuwarden with perspectives for all our residents!

Information about voting

Dutch and other EU citizens are allowed to vote in municipal elections, provided that they meet the requirements. Citizens from non-EU countries are also allowed to vote if they have lived legally in the Netherlands for at least 5 years before the election. Municipal elections take place every 4 years. The next municipal elections take place on 14, 15 and 16 March.

Read the following government information, to check whether you are allowed to vote: <https://www.government.nl/topics/elections/voting-in-municipal-elections>
